

Middle School Science Teacher Position Description

St. Stephen's Episcopal School is hiring a full-time Middle School Science Teacher for the 2010-2011 school year. Responsibilities include teaching sixth grade science classes, managing of a beautiful science lab, and serving as an advisor of Middle School students. Collaboration with Science Department and Middle School faculty as needed and appropriate and participation in the co-curricular and extra-curricular life of the school is expected. Compensation is based upon credentials and experience.

St. Stephen's Episcopal School is a coeducational, day and boarding school for 670 students in Grades 6-12. It is located on 370 acres on the west side of Austin in the Texas Hill Country.

A science degree, an advanced degree, and experience teaching middle school science are preferred. Equal access to employment, programs, and services is available to all candidates.

Interested candidates should send via email the following information: (1) a letter of interest, (2) completed employment application (found at www.sstx.org), (3) resume, (4) personal statement, (5) copies of college transcripts, and (6) at least three reference names and contact information and/or letters of reference.
