

## *ANNUAL SCHOOL SAFETY CHECKLIST*

This checklist is a compilation of policies, protocols, and practices that SAES believes are important to the safety and security of its member schools and constituents, and it serves as a foundation for school planning. It is also important to consult with local, state, and federal authorities for definitive information regarding school health, safety, and security. An Annual Review of this checklist serves to promote safe practices campus wide.

	<b><i>Policies for:</i></b>
