

EDUCATIONAL TECHNOLOGIST AND INTEGRATION SPECIALIST

Good Shepherd Episcopal School seeks an Educational Technologist and Integration Specialist to work in their Modern Learning Department. The main responsibility of this role is to introduce and support the integration of modern learning tools, technologies and techniques with an interdisciplinary approach across all levels of curriculum in prekindergarten through eighth grade. This position reports directly to the Director of Modern Learning.

WHAT YOU WILL DO:

- Assist teachers in developing, maintaining, and delivering instructional resources through the integration of modern technologies
- Evaluate software, courseware, and hardware for potential use across all instructional areas
- Instructional responsibilities for one or more middle school elective or exploration courses
- Manage the overall acquisition and implementation of instructional software
- Assist in troubleshooting technology challenges across campus
- Lead modern learning related professional development for faculty and staff
- Stimulate a modern learning environment with students and faculty focusing on the essential skills of collaboration, creation, critical thinking, communication and curiosity
- Work with outsourced vendors promoting a broad understanding of digital literacy to include current technologies and influences of social media in the lives of our students

IDEAL CANDIDATES WILL NEED:

- A bachelor's degree or higher
- Educational background to evaluate courseware
- Ability to communicate effectively with constituents from the entire Good Shepherd school community
- Knowledge of current digital tools and resources
- Specialized training or equivalent experience in instructional technology preferred

To apply, please send a cover letter and resume to Toni Luciano, Director of Human Resources, tluciano@gsesdallas.org.
